Suggestions if any for further improvement

8 responses

I would personally love if more attention is given to sports and other activities which take place and make sure every student is aware of the events. Many times I missed participating in many badminton and other sporting events because I wasn't aware about the same. It would be better college uses the notice board for such things as well

Yes computer lab and class room for cs students

Required improvement in Electives subjects examination system.

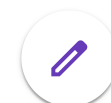

-> each elective subject exam held atleast total of 400 mark, because we face some problems regarded it.

-> about honor subject it's enough.

-> our overall examination required more then 2400 of mark so that it better for future.

Personality development courses should be introduce in order to enhance student personality

Always be high

Name and Address of Alumini
