SUGGESTIONS FROM STAKEHOLDERS:-

1. To increase number of ICT classes and enhance Laboratory facilities.
2. To improve library facilities by providing more reference books, journals and IT facilities.
3. Proper water supply facilities to solve Water Problem .
4. Entrance and competitive exam oriented coaching facilities should be provided
5. Enhancement of communication skills and leadership skills.
6. To focus on character development apart from studies.
7. More attention to sports and extra curricular activities.
8. To equip students with computer knowledge and skill.
9. More student –centric methods like study tour and field works should be given.
10. To add regional and local history in the syllabus.

ACTION TAKEN

After analyzing the feedbacks of stakeholders due importance was given to their perspective to enhance the teaching , learning experience in the college and the following steps were taken to meet their demands

1. The number of ICT classrooms was increased from 1 to 4 and projectors are given to faculty members to enhance ICT learning experience.
2. Annually funds are allocated for purchasing new books as suggested by the different departments.
3. 24 hour water supply have been provided to the college and water connection has been given to various labs and departments.
4. A 6 months compulsory course for communication skill in 3rd semester has been incorporated into the curriculum for enhancement of communication skill and leadership skill of all the students.
5. To enhance the achievements of the students in entrance and competitive examinations, classes are taken on numerical ability , grammar skills and reasoning abilities.
6. To build the character of students we arrange extra mural talks for time to time.
7. Syllabi committee has been suggested to incorporate regional and local history in the course curriculum.
8. Eminent personalities from different fields are invited to interact with our students for their career guidance.
